### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony A. Biscula on 04/08/04.

The application has been amended as follows:

Claim 1 (twice amended) A process for the preparation of (metal) salts of alkylphosphonous acids, which comprises reacting elemental yellow phosphorous with at least one halogen-free alkylating agent selected from the group consisting of dialkyl sulfates, trialkyl phosphates, dialkyl carbonates and formic acid ortho-esters, in the presence of at least one base.

Claim 3 has been canceled.

2. The following is an examiner's statement of reasons for allowance: The above examiner's amendment incorporated dependent claim 3 (now canceled) into

independent claim 1. The examiner's amendment was needed to overcome the applied prior-art reference, see office action mailed 11/10/03, that discloses the use of alkenes and acetylenes as alkylating agent, but not applicant's claimed dialkyl sulfates, trialkyl phosphates, dialkyl carbonates and formic acid ortho-esters alkylating agents.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
